## MONSTERS (ANIMALS)

This section provides statistics and basic information for many common kinds of mundane animals. These creatures generally operate on instinct, driven by simple needs such as food and reproduction. Most animals, even predators, do not attack unless they or their young are threatened.

Animals are not capable of detailed reasoning, although with the Handle Animal skill it is possible to tame an animal and teach it to perform certain tricks.

Some herbivorous animals do not normally use their natural weapons to attack. As such, their natural weapons are treated as secondary attacks. The animal's attack and damage entries note this fact, with an explanatory footnote.

**Animal Traits:** An animal possesses the following traits (unless otherwise noted in a creature's entry).

—Intelligence score of 1 or 2 (no creature with an Intelligence score of 3 or higher can be an animal).

—Low-light vision.

—*Alignment:* Always neutral. Animals are not governed by a human sense of morality.

—*Treasure:* None. Animals never possess treasure.

These creatures are aggressive and territorial hunters, with arms reaching 10 feet or more in length. Their tentacles are studded with barbs and sharp-edged suckers.

#### Combat

An opponent can attack a giant octopus's tentacles with a sunder attempt as if they were weapons. A giant octopus's tentacles have 10 hit points each. If a giant octopus is currently grappling a target with the tentacle that is being attacked, it usually uses another limb to make its attack of opportunity against the opponent making the sunder attempt. Severing one of a giant octopus's tentacles deals 5 points of damage to the creature. A giant octopus usually withdraws from combat if it loses four

tentacles. The creature regrows severed limbs in 1d10+10 days.

**Constrict (Ex):** A giant octopus deals 2d8+6 points of damage with a successful grapple check.

**Improved Grab (Ex):** To use this ability, a giant octopus must hit an opponent of any size with a tentacle attack. It can then attempt to start a grapple as a free action without provoking an attack of opportunity. If it wins the grapple check, it establishes a hold and can constrict.

**Ink Cloud (Ex):** A giant octopus can emit a cloud of jet-black ink 20 feet high by 20 feet wide by 20 feet long once per minute as a free action. The cloud provides total concealment, which the octopus normally uses to escape a losing fight. All vision within the cloud is obscured.

**Jet (Ex):** A giant octopus can jet backward once per round as a full-round action, at a speed of 200 feet. It must move in a straight line, but does not provoke attacks of opportunity while jetting.

**Skills:** A giant octopus can change colors, giving it a +4 racial bonus on Hide checks. A giant octopus also can squeeze and contort its body, giving it a +10 racial bonus on Escape Artist checks. A giant octopus has a +8 racial bonus on any Swim check to perform some special action or avoid a hazard. It can always choose to take 10 on a Swim check, even if distracted or endangered. It can use the run action while swimming, provided it swims in a straight line.

Porpoises are mammals that tend to be playful, friendly, and helpful. A typical porpoise is 4 to 6 feet long and weighs 110 to 160 pounds. The statistics presented here can describe any small whale of similar size.

#### Combat

**Blindsight (Ex):** Porpoises can “see” by emitting high-frequency sounds, inaudible to most other creatures, that allow them to locate objects and creatures within 120 feet. A *silence* spell negates this and forces the porpoise to rely on its vision, which is approximately as good as a human’s.

**Hold Breath (Ex):** A porpoise can hold its breath for a number of rounds equal to  $6 \times$  its Constitution score before it risks drowning.

**Skills:** A porpoise has a +8 racial bonus on any Swim check to perform some special action or avoid a hazard. It can always choose to take 10 on a Swim check, even if distracted or endangered. It can use the run action while swimming, provided it swims in a straight line. \*A porpoise has a +4 racial bonus on Spot and Listen checks. These bonuses are lost if its blindsight is negated.

These carnivorous fish are aggressive and liable to make unprovoked attacks against anything that approaches them. Smaller sharks are from 5 to 8 feet long and not usually dangerous to creatures other than their prey. Large sharks can reach around 15 feet in length and are a serious threat. Huge sharks are true monsters, like great whites, that can exceed 20 feet in length.

#### Combat

Sharks circle and observe potential prey, then dart in and bite with their powerful jaws.

**Blindsense (Ex):** A shark can locate creatures underwater within a 30-foot radius. This ability works only when the shark is underwater.

**Keen Scent (Ex):** A shark can notice creatures by scent in a 180-foot radius and detect blood in the water at ranges of up to a mile.

**Skills:** A shark has a +8 racial bonus on any Swim check to perform some special action or avoid a hazard. It can always choose to take 10 on a Swim check, even if distracted or endangered. It can use the run action while swimming, provided it swims in a straight line.

## SNAKE

Snakes usually are not aggressive and flee when confronted.

**Skills:** Snakes have a +4 racial bonus on Hide, Listen, and Spot checks and a +8 racial bonus on Balance and Climb checks.

A snake can always choose to take 10 on a Climb check, even if rushed or threatened. Snakes use either their Strength modifier or Dexterity modifier for Climb checks, whichever is higher. A snake has a +8 racial bonus on any Swim check to perform some special action or avoid a hazard. It can always choose to take 10 on a Swim check, even if distracted or endangered. **Level Adjustment:** —

Constrictor snakes usually are not aggressive and flee when confronted. They hunt for food but do not attempt to make a meal out of any creature that is too large to constrict.

**Combat**

Constrictor snakes hunt by grabbing prey with their mouths and then squeezing it with their powerful bodies.

**Constrict (Ex):** On a successful grapple check, a constrictor snake deals 1d3+4 points of damage.

**Improved Grab (Ex):** To use this ability, a constrictor snake must hit with its bite attack. It can then attempt to start a grapple as a free action without provoking an attack of opportunity. If it wins the grapple check, it establishes a hold and can constrict.

#### Combat

**Improved Grab (Ex):** To use this ability, a squid must hit an opponent of any size with its arms attack. It can then attempt to start a grapple as a free action without provoking an attack of opportunity. If it wins the grapple check, it establishes a hold and automatically deals bite damage. \*A squid has a +4 racial bonus on grapple checks.

**Ink Cloud (Ex):** A squid can emit a cloud of jet-black ink 10 feet high by 10 feet wide by 10 feet long once per minute as a free action. The cloud provides total concealment, which the squid normally uses to escape a losing fight. All vision within the cloud is obscured.

**Jet (Ex):** A squid can jet backward once per round as a full-round action, at a speed of 240 feet. It must move in a straight line, but does not provoke attacks of opportunity while jetting.

**Skills:** A squid has a +8 racial bonus on any Swim check to perform some special action or avoid a hazard. It can always choose to take 10 on a Swim check, even if distracted or endangered. It can use the run action while swimming, provided it swims in a straight line

These voracious creatures can have bodies more than 20 feet long and attack almost anything they meet.

#### Combat

An opponent can attack a giant squid's tentacles with a sunder attempt as if they were weapons. A giant squid's tentacles have 10 hit points each. If a giant squid is currently grappling a target with the tentacle that is being attacked, it usually uses another limb to make its attack of opportunity against the opponent making the sunder attempt. Severing one of a giant squid's tentacles deals 5 points of damage to the creature. A giant squid usually withdraws from combat if it loses five tentacles. The creature regrows severed limbs in 1d10+10 days.

**Constrict (Ex):** A giant squid deals 1d6+8 points of damage with a successful grapple check.

**Improved Grab (Ex):** To use this ability, a giant squid must hit an opponent of any size with a tentacle attack. It can then attempt to start a grapple as a free action without provoking an attack of opportunity. If it wins the grapple check, it establishes a hold and can constrict. \*A giant squid has a +4 racial bonus on grapple checks.

**Jet (Ex):** A giant squid can jet backward once per round as a full-round action, at a speed of 320 feet. It must move in a straight line, but does not provoke attacks of opportunity while jetting.

These little mammals are aggressive predators but usually confine themselves to smaller prey. The statistics presented here can also apply to ferrets.

### Combat

**Attach (Ex):** If a weasel hits with a bite attack, it uses its powerful jaws to latch onto the opponent's body and automatically deals bite damage each round it remains attached. An attached weasel loses its Dexterity bonus to Armor Class and has an AC of 12. An attached weasel can be struck with a weapon or grappled itself. To remove an attached weasel through grappling, the opponent must achieve a pin against the creature.

**Skills:** Weasels have a +4 racial bonus on Move Silently checks and a +8 racial bonus on Balance and Climb checks. They use their Dexterity modifier for Climb checks. A weasel can always choose to take 10 on a Climb check, even if rushed or threatened.

## WHALE

Some varieties of these seagoing mammals are among the largest animals known. Relatively small whales (such as the orca presented here) can be vicious predators, attacking virtually anything they detect.

**Blindsight (Ex):** Whales can "see" by emitting high-frequency sounds, inaudible to most other creatures, that allow them to locate objects and creatures within 120 feet. A *silence* spell negates this and forces the whale to rely on its vision, which is approximately as good as a human's.

**Hold Breath (Ex):** A whale can hold its breath for a number of rounds equal to 8 x <sup>≡</sup> its Constitution score before it risks drowning.

**Skills:** A whale has a +8 racial bonus on any Swim check to perform some special action or avoid a hazard. It can always choose to take 10 on a Swim check, even if distracted or endangered. It can use the run action while swimming, provided it swims in a straight line. \*A whale has a +4 racial bonus on Spot and Listen checks. These bonuses are lost if its blindsight is negated.
